(Activities and Instructions at the Rocky Mountain Retreat from June 22nd to 29th, 1952)

From out the centuries of darkness, the planet Earth and her peoples are now standing upon the threshold of a Light that shall never again be extinguished, but will grow into the Cosmic Eternal Day in which the fullest manifestation of the potential plans for the planet Earth, its humanity and its chain will be understood and made abundantly evident.

In this significant year, we are setting into motion the actual Causative Centers through the consciousness and vehicles of chosen chelas by which We may tie the Cosmic Plan into the substance and energy of the Third Dimensional Plane. It is the actual 'bridging of the chasm' between the consciousness of the people and the etheric perfection already designed and lowered into the Seventh Sphere and which forms the pattern for the combined activities of the Brotherhood in this current twelve months. It is Our hope and intention that through the etheric counterpart of each lifestream (whose dwelling-place is the Seventh Sphere) the outer consciousness may be awakened to the Plan and to the individual possibility to serve in that Plan for the good of the entire race.

The connection between the Higher Mind and the outer consciousness of the individual, not being, for the most part, sufficiently developed,

the Lords of Karma have permitted the use of this activity to acquaint the outer consciousness of those who have signified themselves as ready to cooperate with the Plan in order to hasten the execution of the details and ramifications which will tremendously accelerate the entire service without waiting on the individual development of each integral part which, however, will be nurtured and encouraged at the same time.

There are a goodly number of fine people whose heart motivation is to serve Life and the Master Presence of the Universe, but their service and endeavors must be co-ordinated through the direction of the outer intelligence in order for it to have the efficiency of unified endeavor.

Tonight the Great Karmic Lords will again enter into the atmosphere of Earth and take up Their solemn duty in the Council Hall, and Their decisions will determine the activities of the Brotherhood for the remaining six-month period of this Pivotal Year.

Volumes could be written alone on the tremendous endeavor put forth by every member of the Brotherhood attending these planetary Councils over the last two weeks, and the exquisite and efficient plans that have been prepared for presentation to the Lords of Karma and the combined assemblage in this most important half-year period.

Last evening, the Seven Chohans, in successive order, addressed the Assembly which included a great number of the inner bodies of mankind; and Their Word and Message brought tremendous inspiration, hope, enthusiasm and promise that

the coming six months will see even greater actual co-ordination and endeavor through self-conscious, illumined and willing lifestreams who have dedicated themselves to the task at hand. The Chohans have other Plans and Petitions which They will place before the gathered Assembly tonight which will be augmented by the Presence of the Lords of Karma Who will hear and weigh all Petitions placed before Them by both Ascended and unascended Beings.

It is difficult to confine the magnificence of the Chohans' addresses to a few short words, but the following small excerpts are taken from notes made of their talks.

The Master Morya, Who secured from the Karmic Council the right to establish this New Order of contacting the consciousness of certain dedicated spirits through the present means, proved, through His chelas, not only what has been done, but WHAT SHALL BE DONE.

The Master Kuthumi spoke on behalf of the race which shall be the actual builders of the future.

Paul, the Venetian spoke at great length on the establishment and maintenance of an understanding, cooperative, gentle and friendly relationship between all men serving in the ONE CAUSE.

Hilarion endeavored to draw the attention of the Brotherhood to the possibility that lies within the scientific confirmation of spiritual Truths, and He presented several of His advanced pupils who are working with Him in the world of form, and whose discoveries within the next six-

month period will truly revolutionize the thinking man's concept of this universe and the intelligences that are behind it.

The Master Serapis, in His Cosmic capacity as Presiding Master of the Year, spent no little time in showing the Brotherhood and the Assemblage how every facet of the Ceremonial Ray becomes a BRIDGE to link the outer mind and consciousness with Truth. Because of His momentum and interest in things of Beauty in music, art and creative endeavor, He, together with the Venetian, is instigating a renaissance of the soul, and an inspiration of the artistic development by which so many people of Earth can be reached who are not yet intelligently developed along spiritual lines, but who can be reached through their emotional responses to these activities, and can be swung into constructive endeavor.

The Masters Jesus and Mary have prepared a petition in which I would like every individual to join, and that is that the Body Elemental of every unborn lifestream be required to immediately become enrolled in a schoolroom under the guidance of the Goddess of Beauty and the Goddess of Purity and that all of the stubborn, distorted manifestations which those Body Elementals repeatedly create, when they are entrusted with the building of an envelope for the incoming ego, be burned out of them immediately, as well as the antipathies and resentments to the soul to which they are tied and which causes such a clash in the feelings of the egos incarnated.

Kuthumi immediately rose and asked that the Body Elemental of all conscious chelas and in-

carnated souls be included in this Grant, and that, during the time of sleep and relaxation, they may be also included in this roll because, He pointed out, the indwelling spirit has sufficient cause for concern with the tendencies of the soul and the personal heritage of the incarnated ego without the added burden of the propensities of the Body Elemental..

I then asked that when the Body Elemental is drawn before the Lords of Karma and examined before the incarnating ego, and given his or her assignment, that the allotment of karma, which would result in bodily restrictions, be assigned to Me, and I will make it My personal obligation to balance that karma by added endeavors and application on My part. If this petition, which is being formulated, is granted, then we will see an incoming race through which the individual Ray of the Spirit may function without hindrance.

Note: A full explanation of the Body Elemental will be found on pages 199 and 201.

Saint Germain, Who, as we all know, is the Chohan in charge of the incoming New Age, was deeply touched, and grateful to all the members of the Brotherhood, ascended and unascended, for Their unselfish service and unprecedented endeavors in establishing the foundation of the work for which He is responsible. He is so modest in His desires for assistance in His gigantic task, that the Brotherhood are obliged to use all the strategy at Their command in Their efforts to give Him the help He should have. We shall, doubtless, hear from Him tonight or tomorrow.

The Seventh Sphere, which comes under the direction of Saint Germain, contains within itself all of the perfected designs that have been released from the Heart of the Sun of our System, and in rhythmic pulsations, have been clothed in the substance and power of each succeeding sphere through which it passes upon its outward course toward manifestation. It is, therefore, the obligation of the Chohan of the Seventh Ray, together with His constituents and disciples, to project this etheric perfection into the third dimensional plane, and thus complete the outgoing rhythm for the planet and its people. This is why the activities of the Great White Brotherhood will be centered through the Ceremonial Ray, and why the Master Serapis, in His capacity as Bridge-Builder, is so actively engaged at this hour in establishing, again, a connection between the Etheric Realm and the physical consciousness of the first group of selected beings who have been chosen for the experiment and who will form the heart center of this great Work.

Every Chohan, each one of whom represents one of the Seven Spheres, has contributed, together with His Sphere of Activity, to the Perfection that lies now within the etheric belt awaiting its condensation into form. It is, therefore, a cooperative activity of the Seven Rays to see this externalized Beauty and Glory manifest for the Earth and its people. Hence the unflagging interest and energy that each one is giving to this glorious movement, and Their (one might almost say) insatiable desire to contribute as much of Their own particular Sphere as the Earth and its people can take. One might liken the etheric realm unto an impatient cow with her

udder almost bursting with milk waiting to be relieved of her burden.

As this etheric perfection can only manifest through the consciousness of those members of humanity who are still a part of the human race, the cooperation, understanding and receptivity of these individuals is essential to get the amount of work done that must be accomplished within the short space of time allotted to the Earth and its guardians before we must move in our orbit into the next succeeding sphere which has already been prepared through the kindness and love of Venus and Her people. In other words, a planet of the beauty and perfection now expressed on Venus must be evolved in less than twenty years of Earth reckoning from the planet Earth and its civilization of today. To this end have We begun a new rhythm in which every man will do the work of ten. Are we ready - and are we willing?

Tomorrow (June 30th) the first two thousand lifestreams who have been called by the Lords of Karma after examination of their entire record and blessed by the Great Central Sun Messenger with the First Dispensation, upon whose outcome would depend the next action of the Karmic Council, will be called upon to report individually, and will have to speak before the entire Assemblage in the presence of their Sponsors. These are the first incarnate members of humanity to stand in the Hall of Judgment before the time of so-called death. They have, unfortunately, become divided by their individual endeavors, and they will appear in that order, classified according

to what they have done, their potential activities, and what they have allowed to slide by.

The next Grant, which, I believe, will form the first activity of the Karmic Board, will be determined by the results of the initial experiment. We shall endeavor to find cause as to why certain members have chosen not to avail themselves of the dispensation which their own Christ Selves applied for, in order to make certain that the second Grant will have greater efficacy in its ultimate victorious accomplishment. However, on the whole, the Sponsors are exceedingly pleased with the results, and We all feel that the Lords of Karma will be favorably impressed with the idea of allowing the Higher Selves of the people to commandeer the energies and powers of the personality, and so fulfill its own purpose and design.

No matter how great the struggle and resistance of the outer self may be, when the Holy Christ Self has been given the authority by the Lords of Karma, there is no possibility of lasting rebellion on the part of the individual, although, for a time, there may seem to be a terrific struggle. The Christ Self has not chosen idly to sustain an ego for millions of years; and when it is authorized by the Sun of the System to set aside the human free will of the individual, that authority will never again be relinquished - and sad it is that it was relinquished in the first place.

Blessings and Love,

MAHA CHOHAN
